Greg,

My answer is no - what say you?

Thanks

Subject: Curfew Access

Eraina, AmerisourceBergen Corporation is one of the world's largest pharmaceutical distribution and services companies in the world. We have operations in Sugar Land, TX. ABC uses Hackbarth Delivery Service to delivery our products to hospitals, pharmacies, long-term care facilities in the Houston Metro area. Their drivers are equipped with documentation and identification to assist them in gaining access into the restricted areas in Houston. Our problem is the support personnel that need to access the Hackbarth facility during times curfew is active. Can you assist us in working through this issue? These support personnel are vital to our ability to sort and prepare these pharmaceutical deliveries.

Thanks you.

Regards,

Bob
